

" Dear Parents,

The Primary school has five classes, each has its own class teacher, who works with the children for the all the five years. This teacher is responsible for the main subjects; English and French are taught by mother-tongue speakers. Music, P.E and Computer Studies are also taught by specialist teachers.

The children who attend the Primary school start school at 8.30 am and finish at 4pm. As with the nursery school the children may attend "AFTER SCHOOL" 4pm until 7pm. They may also frequent the "PRE-SCHOOL" 7.30 until 8.30. The school organises courses for the children after school, these include judo, acrobatic gym, yoga, swimming, volley ball, art, piano lessons, plus extra English and French courses.

The school also organised school trips during the academic year, both daily and weekly. There is also the possibility to take part on "Summer School" holidays trips to the sea and the mountains. (June & July)

School meals are prepared in the school kitchen, using a range of fresh food. It is possible to change the meals offered if the child suffers from allergies or food intolerance.

There is also a school bus service which can pick up the children and take them home. This is for both schools

Our school may not be a large as others here in Turin, but this means that we can offer parents, and above all children, a school that is "MADE TO MEASURE" .

I hope this information is of use and we hope to hear from you soon.

Yours  
sincerely "
